FURIOUS FIGHTING CONTINUES IN EASTERN DISTRICT

Nanking Aerodrome Air Raid Statement

500 CHINESE CONVICT EVACUEES RELEASED

Shanghai, August 22: Chinese planes made a few brief appearances this afternoon and drew the usual fire from ever vigilant Japanese warships in the harbour. The Chinese planes dropped several bombs in Japanese occupied areas but none of them tried to blow up the much-covered Japanese flagship Idzumo.

Ningpo bound refugees going down the river in two British steamers were terrified when Japanese warships intensified their attack on Footung.

Meanwhile furious fighting continued in the eastern district of the International Settlement as the Chinese troops tried to drive back the Japanese to the river. The Japanese resisted stubbornly. It is the first time the Chinese used tanks in this section and the Japanese claim they have put two of the tanks out of action.—Reuter.

Nanking, Aug. 22: A statement issued by Generalissimo Chiang Kai-shek's Headquarters to-day stated that six Japanese bombers and six pursuit planes took part in yesterday's raid on the Nanking Aerodrome. Huge holes were blown in the centre of the landing field but otherwise no damage was accomplished by the raiding Japanese planes. After leaving Nanking, the Japanese planes flew to Kwangtuh Aerodrome in Anhwei Province, where they also dropped a number of bombs in the vicinity without damaging the aerodrome, buildings or machines housed in them.

The Chinese claim that Chinese planes which pursued the raiders from Nanking brought down one Japanese plane in flames.—Reuter.

FREEDOM FOR CHINESE PRISONERS

Shanghai, August 22: Escorted by motor cycle police, armoured cars, and riot vans, a batch of 500 Chinese prisoners from Ward Road Gaol, forming the first evacuees were taken in a fleet of buses to the west of Shanghai where they crossed the defence sector held by British troops. There was no Chinese authority to receive the prisoners so they were released and each man was given a rice cake. The prisoners' first action was to publicly take off their prison garbs and wear their own clothes.—Reuter.

Shanghai, Aug. 22: Buses returning to the north of Soochow Creek for a further batch of Ward Road Gaol prisoners were turned back by Japanese sentries. Consequently evacuation was halted.

Six thousand and five hundred prisoners remain in the goal which is in danger of shells and fires. The Japanese Embassy spokesman vigorously denies that any British, American or other foreign property is occupied by Japanese. He stated that eight hundred Japanese refugees are in the Astor House and are there by agreement with the management.—Reuter.

Shanghai, Aug. 22: The Chinese claim to have prevented an attempt by Japanese troops to land at Woosung. The attempt was covered by heavy barrage from Japanese warships some of which specially went down river. Chinese artillery, however, let loose a severe bombardment making the landing impossible. Another attempt, this time at Footung was similarly frustrated. The Chinese assert that no Japanese troops managed to land anywhere on the Coast.

The Italian gunboat Lepanto arrived from Tientsin. A machine-gun unit from her landed and are doing duty with the British defence sector in the West of Shanghai.—Reuter.

RIFLE FIRE AT IDZUMO

Shanghai, Aug. 22: This morning a party of plain clothes Chinese reached Jardine's Shanghai Hongkew wharf and fired with rifles at the flagship Idzumo but the Japanese claim that they dispersed them. Meanwhile a Settlement fireboat extinguished a fire at the wharf caused by a shell from Chinese guns in the vicinity of North Station which was heavily bombarded. In the Japanese Consulate area this morning the damage to the wharf was not serious.

During the night machine-gun bullets whizzed over buildings on the Bund including the Asiatic Petroleum Company's behind which the Cable Building, including Reuters, is situated.—Reuter.

CHINESE VANGUARDS REACH NORTH SZECHUAN ROAD

Shanghai, Aug. 22: (4 p.m.)—The vanguards of the right column of the Chinese force advancing steadily south from the Chapel sector, have occupied the intersection of Junkong and North Szechuan Road near the Iris Theatre, according to an announcement made by the Chinese military headquarters this afternoon.

Following the retreat of the Japanese in that area, the main body of Chinese troops from Hung-jao moved rapidly forward during last night to reinforce the vanguards who are now pressing north towards the Japanese Naval Landing Headquarters.

Another unit is moving east and west to "mop up" the remnant Japanese north of the Soochow Creek.—Central News

GEN. WU TE-CHEN MAKES STIRRING APPEAL

National Salvation Depends On People's Spirit

UNITED STAND WILL BRING CHINA FINAL VICTORY

Canton, August 22: An appeal to the 35,000,000 people in Kwangtung province to have faith in their government, to support their leaders, to maintain strict order and to exert every effort to resist Japanese aggression, was made by General Wu Te-chen, Chairman of the Kwangtung Provincial Government, in a circular made public to-day.

The following is a free translation of General Wu's statement:

"Our country and people to-day face a crisis unprecedented in history. We must exert every effort to weather this crisis in order to preserve our country."

"The present war of defence is a matter of life and death to China. If the entire nation does not adopt a united front and co-operate closely, our country will pass into oblivion."

"A nation is an organization on which people depend for their existence and protection. Our forefathers have striven for several thousand years to build a country which has a glorious past. Every inch of our territory has been built up through hard effort and we will never permit another country to take it away from us."

"The people in the country should, therefore, not attempt to seek temporary peace which will jeopardize our national existence; we should sink all personal differences and opinions and co-operate to preserve the nation."

"A war to-day is a struggle which affects the entire nation and people. The object of our enemies is not merely to crush our troops at the front, but, dampen the spirit and destroy the property of our people as well. The soldiers at the war front and the people (Continued on Back Page).

SINGING, SMILING REFUGEES

Scenes At Kowloon Station

There were scenes of great animation at the Kowloon station last night when the various "specials" arrived from Canton with their thousands of travellers.

Not all, by any manner of means, were refugees. It was most noticeable that there was a goodly number of tourists who reported that "all was quiet on the Canton front."

What a bewildering assortment of humanity, household utensils and livestock! Obviously many of the people had been, feverish in their haste to depart from their towns and villages, and conversations with many of them indicated that it is indeed most unfortunate that so much attention is being paid by the poorer people to groundless rumours which have obviously created considerable confusion where none needed to have been.

Yet the great bulk of the refugees were in decidedly genial mood. Some were singing and playing mouth-organs; most were smiling. They seemed to be impervious to adversity. Certainly these refugees are demonstrating the very significant fact that "they can take it."

As they streamed out of the station, the noise and the confusion actually conjured-up memories of some of the animated scenes at London stations when the cup-final excursion trains pull-in with their huge loads of enthusiastic humanity.

One of the most outstanding features was the number of people who assembled to meet the trains. Obviously many thousands of Chinese are being well cared-for by their friends and relatives in Hong Kong. It is a fine national characteristic, and will help-out a lot in the present crisis.

SHANGHAI RICE

Price Limit Fixed

Shanghai, Aug. 22: As a measure to discourage profiteering among provision dealers in this city, the local control commission for provisions has set the limit for the price of rice sold in the city at \$14.50 per picul for the polished variety generally consumed. Dealers are absolutely forbidden to sell at any price above this.

It was reported a few days ago that certain rice dealers in the International Settlement had taken advantage of the difficulty in securing rice, selling at prices as high as 80 cents per catty or \$80 per picul.—Central News

SIR WILLIAM HORNELL

It was learned last night that his condition was much the same.

CHINA HAS WILL TO WIN

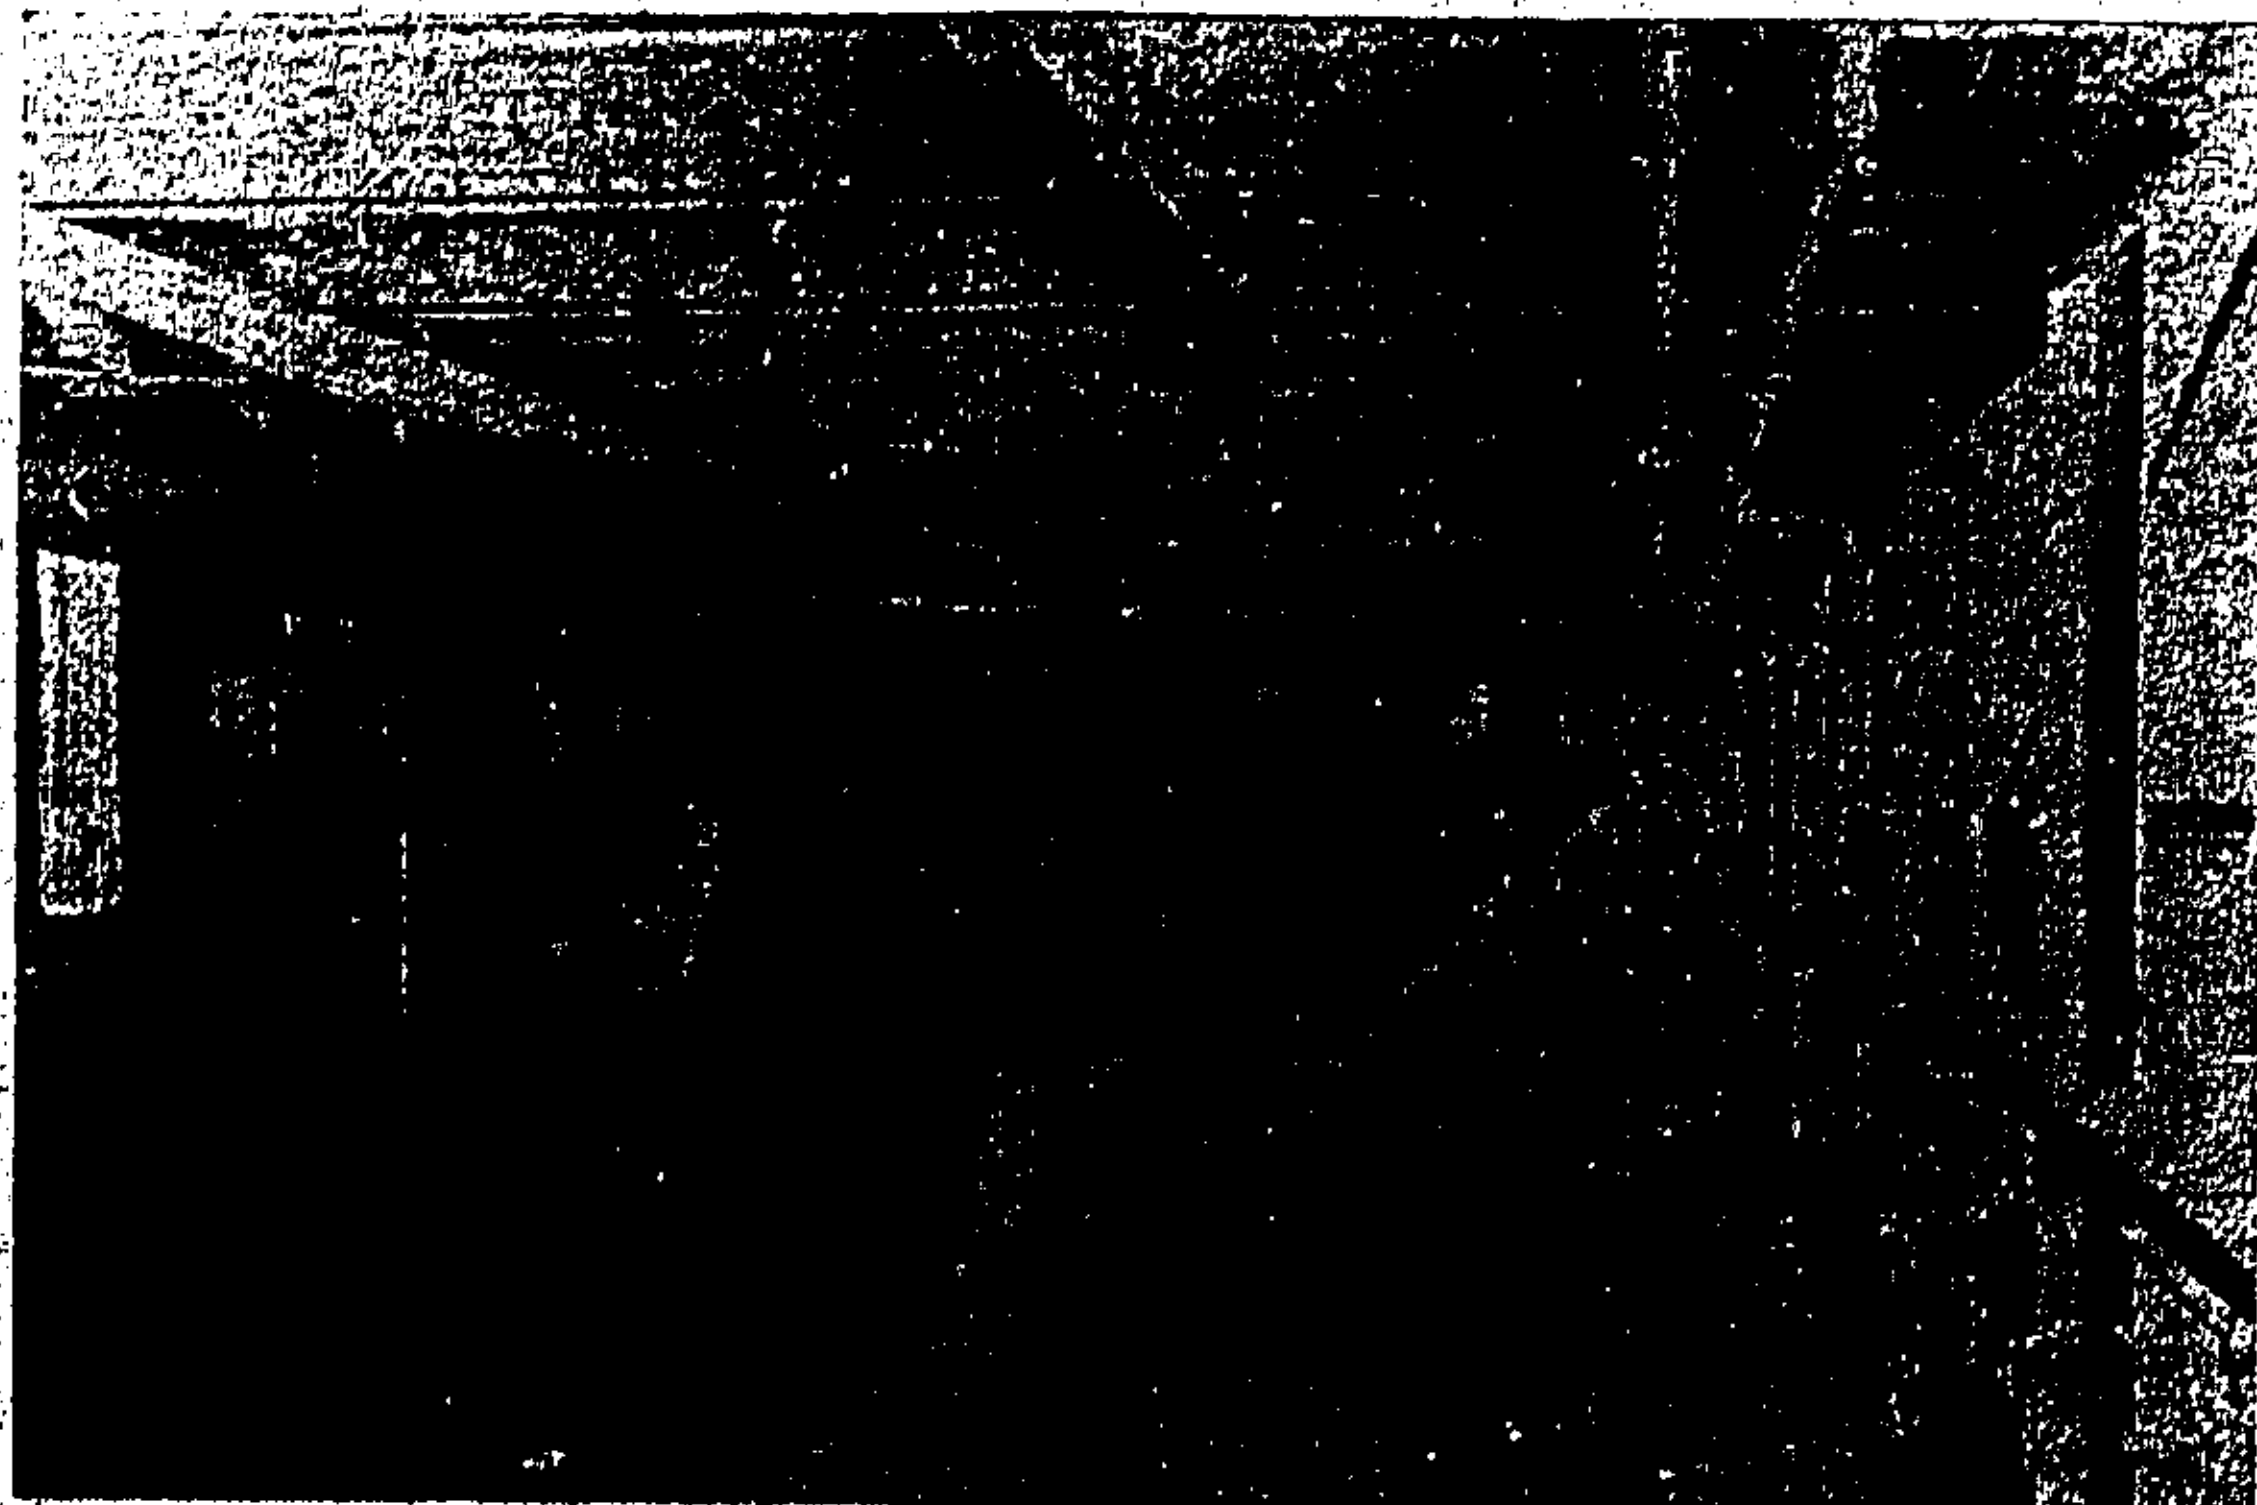

An interesting visitor to the Colony at present is Mr. K. Todd, of Honolulu, who arrived here by the a.s. Tjibembang. Mr. Todd, who belongs to the teaching profession, went to Peiping on an educational tour and he was in that city during the height of the trouble. Education with a vengeance!

Having studied the situation on the spot, Mr. Todd is of the opinion that the Chinese have the will, the nerve and the power to emerge victorious from this underclared war in North China.

BRITISH PROPERTY LOSS AS RESULT OF WAR

Estimated At £6,000,000

Shanghai, Aug. 22: With the first definite reports coming in the loss of British property in Shanghai damaged as a result of the war-fare is now estimated at between £5,000,000 and £6,000,000. Only one British firm hitherto has been found covered by war risk insurance. It had £50,000 of cargo destroyed by fire. Damage is continually mounting. Thirteen large separate fires are now blazing in the affected districts. One is burning close to the Imperial Chemical Industries warehouse.—Reuter.

Pres. McKinley Arrive With Refugees

The s.s. "President McKinley," Captain Clyde Bryant in command, arrived at Hong Kong on Saturday, and due to the very hearty co-operation of the Medical Officer of Health, the Hong Kong Police, and the American Consular Staff, there was no confusion whatsoever.

The s.s. "President McKinley" brought to Hong Kong 360 passengers for disembarkation here, and 181 passengers for disembarkation at Manila. There were only 63 of these passengers for whom it was necessary to supply camp beds, so that they could sleep on deck. The reason for this is largely due to the co-operation of the ship's Officers and passengers. Every ship's Officer on the s.s. "President McKinley" without exception, gave up his cabin to accommodate women and children. Many of the passengers who had cabins, permitted camp beds to be placed in their cabins in order to take care of women and children refugees from Shanghai.

This spirit of co-operation on the part of the ship's Officers and the passengers assisted a great deal in handling the Shanghai refugee situation without undue inconvenience to the women and children who have suffered such hardships and difficulties in getting away from their homes in Shanghai.

HEALTH RETURNS

Forty-nine cases of cholera, one of diphtheria, five of enteric fever and three of dysentery were reported to the Health Authorities for the 24 hours ended at midnight on Friday.

MARRIAGE AT SEA

Many strange incidents have occurred since the exodus from Shanghai a few days ago. There have been deaths and births but the strangest of all is a marriage between a Russian girl and a Norwegian seaman at sea.

The Misses Olga and Patsy Lomborg were present at a strange marriage ceremony performed on board the vessel Talsman by the chaplain.

It appears that a few days prior to the outbreak of the trouble, a Norwegian seaman was to have married a Russian girl. Came the order to evacuate, all original plans were cancelled. It seemed the marriage would never take place.

The position was explained to the authorities and they decided to let the girl embark on the Talsman along with her fiancée. On Friday morning, therefore, the crew and all the passengers assembled and saw the couple united and partook a wedding breakfast consisting of Irish stew in cigarette tins!

As a result of the wedding, the Russian girl is now Norwegian, thus enabling her to enter Hong Kong and she is being accommodated with other refugees of that nationality.

NEW SCOUTS HEADQUARTERS

The inauguration of the Scouts' Headquarters of the 13th. Kowloon (St. Teresa) Group, next to the St. Teresa's Church, took place at 10.15 a.m. yesterday. The inauguration ceremony was performed by Bishop Valorta, and Mrs. A. de Souza performed the opening ceremony.

POLITICAL SENSATION

Mr. Anthony Eden To Leave Foreign Office

London, August 21.

A sensational re-shuffling of the British Cabinet is imminent, according to the "Weekly Review," which asserts that the Foreign Secretary, Mr. Anthony Eden, will be removed from his post and that Mr. Lloyd George and Mr. Winston Churchill will be given positions as Ministers without Portfolio.

Much is believed to lie behind this move, according to the journal, which states that the desire of the Premier, Mr. Neville Chamberlain, to improve Anglo-Italian and Anglo-German relations, is the main factor.

Mr. Eden, some quarters assert, is opposed to rapprochement with these two countries, and he will be replaced by some Minister with more friendly sentiments towards Rome and Berlin.

No name is mentioned by the journal as Mr. Eden's successor, though it states that he will be transferred to the post of Secretary for the Colonies.

The re-shuffle, adds the journal,

will not be made until Mr. Anthony Eden has been awarded this year's Nobel Peace Prize, for which he has been nominated by the Norwegian Government.

Inclusion of Mr. Lloyd George and Mr. Churchill is believed to have some connection with Britain's colossal rearmament programme, as both statesmen have had considerable experience of military affairs. —*Transocean*.

KOWLOON COURT CASES

Theft From Liner

Chen Chung Po, aged 22, appeared before Mr. Barnett on Saturday charged with the larceny of three silver-plated spoons and one pair silver-plated ice tongs on board the s.s. President Hoover on August 14. As the liner was not in port there was no one to identify the stolen property. His Worship remanded the case for 48 hours.

GAMBLING CHARGE

Cheung Wah aged 27, shop master at Halphong Road ground floor, and 44 defendants amongst whom were Gulam Mohamed, Mohamed Khan, Jun Mohamed, Modi Lal, Ben Xavier, and Vicon de Manuel were brought before Mr. Himsforth on Saturday. The first defendant was charged with keeping the ground floor of No. 39 Halphong Road as a gambling house and the rest were charged with gambling.

All the defendants present admitted the charge and his Worship imposed a fine of \$75 on the first defendant and \$3 on each of the other 44. Those absent had bail of \$5 each estimated.

KIDNAPING CHARGE

Enticing away a child of 14 from No. 120 Temple Street, Cheung Lan aged 39, was brought before Mr. Himsforth on Saturday charged with kidnaping. His Worship sentenced him to one year hard labour.

EVANS DISCHARGED

The hearing of the case in which Charles David Evans, aged 37, carpenter of the motor vessel, Javanese Prince, and Wong Yau, aged 61, described as a boarding-house runner, are charged with doing an act preparatory to the exportation of opium, and with possession of 1,000 taels of prepared opium on board the Javanese Prince on June 17, was concluded before Mr. K. Keen at the Central Magistracy on Saturday.

The prosecution was conducted by Mr. W. M. Thomson, Assistant Superintendent of the Imports and Exports, while the defendants, Evans and Wong, were respectively represented by Mr. W. A. Mackinley and Mr. J. T. Prior.

In discharging the defendant His Worship said, "Evans has not in my opinion cleared himself from suspicion in this matter but on the other hand I am convinced that Y. Dolle, the boatswain, was an accomplice and that his evidence cannot be accepted at its face value. Moreover the evidence of Basant Singh shows inaccuracy as to details. The remaining evidence shows complete discrepancy between the story told by the prosecution and the elaborate alibi put up by the defence. It is beyond my power to say which side is lying so Evans must accordingly be discharged."

JUNK ROBBED

Several armed robbers boarded a junk of which Chau Kai, aged 25, was the master, and made off with a valuable haul of wolfram ore to total value of \$1,550.

According to Chau's report to the police, seven men boarded his junk about 10 a.m. on Friday, one armed with a knife who menaced the crew, while the rest unloaded 31 sacks of the wolfram ore after which they rowed off in an unknown direction on their own small craft.

Chau did not get back into harbour until late on Saturday when he reported the incident to the police.

ART EXHIBITION

The Hong Kong Working Artists' Guild announces that owing to the inability of the public to attend on account of bad weather, Mr. Lorenzo's one-man art exhibition which is held on the 2nd floor of No. 8a Des Voeux Road Central is extended for three days.

The Hong Kong Working Artists' Guild also wishes to remind our readers that as from to-morrow, there will be an Exhibition of Chinese Paintings at the Chinese Y.W.C.A., 38c Bonham Road (Bus Route 3). This Exhibition will last until Saturday.

PEAK BURGLARY

Captain A. K. Dibley, of No. 103 The Peak, reports to the police that sometime between 11 p.m. on the 19th and 6 a.m. on the 20th, somebody entered his house and stole silverware worth £210 and \$63 in money.

A large number of officials were at the Pukow station to welcome General Sung, including representatives of Generalissimo Chiang Kai-shek and General Ho Ying-chin, Minister of War.

It is learned that the purpose of General Sung's visit to Nanking is to report to the Central authorities on the present situation on the northern front and to seek further instructions from the Generalissimo.—Central News.

BETTER VALUE THAN EVER

The Gillette No. 77 Set illustrated here, which contains the latest Gillette razor, three Blue Gillette slotted blades and two blade holders in a new type of moulded box, has these definite advantages.

The razor is made in two pieces instead of three, as formerly, thus making it easier and quicker to clean, assemble and use.

The blades are made by the new electrical-tempering process. They give not only closer, cleaner shaves than you have ever had before, but also more shaves per blade.

The case is ideal for hot and humid climates as it is so easy to keep clean.

Ask your dealer to show you a No. 77 Set—one of the most popular that Gillette have ever made.

LONE PLANE IN SURPRISE RAID

Japanese Caught Unawares

Shanghai, Aug. 21. Swooping suddenly out of a bank of clouds, a lone Chinese bomber staged a solo raid on Japanese warships in the Whangpoo at 9 o'clock this morning, diving low over the Japanese ships and releasing several bombs which fell dangerously nearby.

Japanese anti-aircraft guns from the warships were brought into play after some delay as the attack had been totally unexpected, but the machine flew out of effective range before the guns could do any damage.

Several bombs were also dropped on the Japanese positions behind the China Merchants Central Wharf on the Yangtszepoo waterfront.

Two other Chinese bombers took part in a raid earlier in the morning, dropping bombs that started several fires in the Japanese controlled areas along Yangtszepoo Road and Broadway.—Central News

JAPANESE MAY ATTEMPT LANDING

Nanking, Aug. 21: Information emanating from military sources state that reinforcements from Japan may attempt to land at Pailungkan in an effort to attack the rear of the Chinese entrenched in the Pootung area.

Pailungkan, which literally means "White Dragon Harbour," is situated approximately 20 miles due east of Shanghai on the coast and 15 miles south of Kiaochiao Beach.

The same source reveals that 30 Japanese warships and transports are concentrating at that point preparatory to making a landing.—Central News

BRITISH DAMAGES NOW PLACED AT £150,000

War Havoc In Shanghai Staggering

Shanghai, August 22. A moderate calculation of the loss to British property already sustained in Shanghai due to the war is placed at £150,000, apart from the heavy loss to trade and commerce which is virtually paralysed. All British firms have been invited by the British Chamber of Commerce to report on the damage to their property, and many firms have suffered ruinous losses especially where the destroyed cargoes are not covered by war risk insurance.

British and American oil installations between Shanghai and Woosung are among the places afire. The Managing Director Mackenzie's, assisted by twenty-eight coolies, ineffectually battled through the night to save a warehouse containing a £60,000 of cotton which is insured but not against war risk. However, they saved the adjoining warehouse containing two thousand tons of rice.

MORE THAN A SECRETARY

High comedy, seasoned with the paprika of satire, the salt of farce and the sugar of romance, describes the spicily entertainment on view at the Majestic Theatre where Columbia's "More Than A Secretary" is screened.

Jean Arthur and George Brent hold down the principal roles, aided and abetted in their hilarious mischief by Lionel Stander, Ruth Donnelly, Reginald Denny and Dorothea Kent. Their collective tomfoolery in the name of health and romance hits the season's highspot in riotous romantics and exhilarating comedy.

From the very opening scene, where Jean Arthur sighs hopefully about romance while under the influence of spring fever, until the final surprise fadeout the film maintains a rapid succession of laughs, interspersed with Stander's wild brand of comedy, a dash of tender pathos, a good deal of suspense and no end of brilliantly executed dialogue.

SLAVE SHIP

In "Slave Ship," Warner Baxter plays a Yankee sea captain who plans to give up the slave traffic, but who is double-crossed by his mutinous crew, under the influence of Wallace Beery. Thus, the voyage he planned as a honeymoon with his young bride, Elizabeth Allan, becomes a slave-running adventure with the couple continually in danger of death.

Mickey Rooney, George Sanders, Jane Darwell and Joseph Schildkraut also appear in the film.

"Slave Ship," is a Twentieth Century-Fox picture showing at the Queen's and Alhambra Theatres to-day.

THEY GAVE HIM A GUN

Spencer Tracy demonstrates his phenomenal ability for the fourth successive venture in "They Gave Him A Gun," which opens at the King's Theatre to-day.

The story deals with two men and a woman. Tracy is a circus barker who enlists in the regulars. Tone is a small-town clerk who finds himself in the army and up in the front lines. A gun gives him courage. Gladys George is a Red Cross nurse.

When Tracy is reported missing, she marries Tone, out of pity. Tracy escapes from an enemy prison camp and the trio meets again in civil life, with the war ended. Familiar now with the use of a gun, the weakling has become a gangster. Tracy tries to save him but fails. A police bullet gets in ahead of him.

FALL OF SHANGTU

Wounded General Tells Story

Kwetsui, Aug. 21: From his cot in the base hospital in a local middle school, General Wang Shih-ming, deputy-commander of a battalion among the Chinese forces which captured Shangtu on August 14, told the story of the recapture of the south-western Chahar town from Japanese-fostered Mongol-Manchukuo troops who had been in possession of the area for the past year.

Marching west from the Suiyuan border, the Chinese troops approached Shangtu the evening of August 13 and found 3,000 Mongol-Manchukuo "irregulars" of General Li Shou-hsin, commanded by Japanese non-commissioned officers garrisoning the town.

The Suiyuan Chinese troops besieged the town without formalities, the defending troops resisting stubbornly but in a most disorganized fashion. The battle raged for 12 hours before the defenders evacuated, leaving behind them more than half their original number in dead and wounded.

The general declared the battle to be one of the bloodiest in which he had ever taken part. He lies in the base hospital along with over 200 of his men who were wounded in the encounter. Several hundred other wounded Chinese soldiers are awaiting transportation to Kwetsui for medical treatment.

General Wang disclosed that the capture of Shangtu marks the opening of a general campaign on the part of the Chinese forces to recapture the six Chahar districts which have been under Japanese control under the title, "Mongol-Manchukuo Autonomous Council" during the past year or so.

Advance reports indicate that the people in the six districts have had their patience taxed to the limit under the bogus regime, and it is stated that these people will welcome the Chinese taking over the administration of these areas.—*Central News*

NEW CHINA'S CLAIMS FOR EQUALITY

Must Be Recognised By Japan

London, August 22. British and American interests in China are identical, declares Sir Eric Teleman in a prominent article in the "Sunday Times." They always aimed at the promotion of a strong, stable central Government ruling a united Chinese people. On the other hand, Japan seems always to seek to deal locally with the regional authorities and actions oppose the whole principle of unity and stability of the Government of China. The divergence of the Anglo-American and Japanese policies in China thus widens every year, yet Japan must trade with China and her prosperity depends on Chinese wealth. True well-wishers of both sides hope, that the statesmen of Japan will soon realise that it is doubtful if they can coerce the Chinese and peace can only be assured by recognising the claim that the New China must be treated with equality.—*Reuter.*

GALLANT TILL THE LAST

Young Aviator's Fortitude

Nanking, Aug. 21: Shrapnel from Japanese anti-aircraft guns struck Captain Wang Weh-wen, Chinese aviator participating in an air raid over Japanese lines in Shanghai to-day, resulting in serious injuries which may necessitate the amputation of a leg in order to save the young aviator's life.

In spite of his severe wounds, Captain Wang managed to bring his plane down near Chinkiang, but he was not found until six hours later, suffering from heavy loss of blood. He was immediately brought to Chinkiang where it was found that a blood transfusion was necessary to save his life. Between 40 and 50 applicants appeared in a short time, all eager to contribute to the well-being of the aviator.

When the story of the plight of Captain Wang reached the ears of Madame Chiang Kai-shek, she ordered him to be brought to Nanking immediately and given the best of medical attention. Doctors announced late to-day that an amputation of the leg may be necessary in order to save Captain Wang's life, but the aviator has asked surgeons to make every effort to save the leg, since its amputation would mean that he could no longer serve his country in the air force.—*Central News*

WARD ROAD GAOL STRUCK BY TWO SHELLS

Americans Withdraw From C.N.A.C.

Shanghai, Aug. 22. Flames in the eastern district continue to spread. Structure after structure is engulfed in the biggest blaze in the city history, covering an oblong area for two square miles. Two shells struck the Ward Road Gaol—the largest gaol in the world—killing ten and wounding many of the inmates. Arrangements are being made to evacuate the seven thousand prisoners and the Chinese authorities are expected to release all except those serving sentences for serious crimes.

American instructors in the Chinese Aviation School have resigned and the American employees in the China National Aviation Corporation have withdrawn from the affairs of the Company pending the restoration of peace.—*Reuter.*

BIG SHANGHAI
FIREWorst In History
Of City

Shanghai, Aug. 21.—Shanghai
experienced the biggest fire in the
history of the city last night when
the Yangtsepo and Hongkew dis-
tricts, now under Japanese mili-
tary occupation, were turned into
a veritable inferno.

The fire was started late in the
evening when Chinese planes
rained bomb after bomb on the
Japanese positions at Yuanfang
Road.

At the same time another squad-
ron of Chinese bombers released
their deadly missiles on Woosung
Road and the western section of
Broadway. The flame lit up the
whole city and were visible for
miles around.

Another bomb hit and set fire
to the Japanese-owned Jih Twa
Cotton Mill on the Pootung side
of the river.

The conflagration last night far
exceeds the big fire which destroy-
ed Chapel in 1932. Chinese mili-
tary authorities believe that last
night's fire will be able to as-
sist them to dislodge the Japanese
who have been stubbornly hold-
ing that area.

FLOOD SITUATION
IN HANKOW

Hankow, Aug. 21.—Hankow,
Hanyang and Wuchang and the
surrounding vicinity are being
threatened by another flood as the
river level rose to 49 feet to-day
which is only four feet from the
top of the flood-prevention wall-
dikes.

The situation is regarded as
very serious and if the river con-
tinues to rise and adequate pre-
vention not forthcoming it is
feared that another disaster
similar to the one in 1933 will
be repeated.

The Changkung Dyke is still
intact but the smaller dykes are
in a very precarious situation.
One thousand coolies have been
rushed to reinforce the weaker
embankments along the river.

The bund area from the Customs
House to the Japanese Concession
in Hankow is now under one foot
of water.

The Viceroy acquainted them of

the 4/19th Hyderabad Regiment
are under orders to proceed to the
Far East shortly.

INTEGRITY AND
INDEPENDENCE
OF CHINAJapan Loses Every
Atom Of Sympathy

London, Aug. 21.—
"The Japanese have long lost
every atom of sympathy they
might have had as a result of their
uncompromisingly aggressive at-
titude," says the "Financial Times"

in a leading article supporting the
Government's demand for com-
pensation for damage in Shanghai.

The journal adds, however, that
much damage has been done in
the way of dislocation of business
for which compensation, even if
obtainable, cannot be adequate.
The newspaper emphasises that
alone among the comparatively
backward countries of the world,
China in recent years has been
judged sufficiently worthy of credit
to be the recipient of much foreign
capital.

While Japan is at present culling
the Dead Sea fruit of Manchuria,
Britain and others are streng-
thening their commercial relation-
ships and giving assistance of
various kinds to the Chinese Cen-
tral Government. Helped by
Sir Frederick Leith-Ross, its finan-
cial system has been overhauled.
The close co-operation between
China and the United States in
connection with silver and gold
purchases has further strengthen-
ed her finances.

Dr. Kung, says the journal, has
recently completed a highly suc-
cessful financial mission to Europe
and America. The integrity and
independence of China is thus be-
coming more than ever of greater
importance to the several major
Powers, quite apart from any
ethical principle involved.

JAPANESE AGAIN
REPULSED

Pootung, Aug. 21.—A further
Japanese attempt to cross the
Yungting River south of Peiping
from the east to the west area
through which the Peiping-Han-
kow Railway runs, was repulsed
yesterday, according to military
intelligence received here.

Five or six hundred Japanese
attempted to advance under cover
of heavy artillery fire. The Chi-
nese with held fire until the at-
tackers had gone well into the
river, when they opened up with
their machine guns, inflicting
many casualties before the Japa-
nese retired.

The force of 500 Japanese in
the Kuan area on the east
bank of the Yungting River were
reinforced to 1,000 men yesterday.
The Japanese are expected to at-
tempt a crossing at this juncture,
having failed in previous attempts
in other areas.

FAR EASTERN
CONFLICTRepercussions
Discussed

Berlin, Aug. 21.
Discussing repercussions of the
Far Eastern conflict on German
trade with China, the "Berliner
Tagblatt" observes that goods of
all kinds destined for Shanghai
are accumulating in the ports of
Hamburg and Bremen.

The paper states that although
a large part of these goods will
be sent to Hong Kong, since Ger-
man ships have been instructed
not to call at Shanghai for the
present, yet shipping circles in the
Hanseatic cities are fully aware
that warehouses in Hong Kong
will before long be filled to over-
flowing.

The question of how exporters
are to fulfil their obligations in
respect of the delivery of goods to
buyers, has therefore become a
burning topic of discussion for all
firms interested in Far Eastern
trade.

The paper says that firms could
plead the "Act of God" clause in
order to be relieved of their ob-
ligations, but that in most cases
they are unwilling to take this
course.

EAST ASIA CONFERENCE

In addition to the prohibition of
bookings for Shanghai, the East
Asia Shipping Conference has de-
cided on an immediate increase
of freight rates to Hong Kong as
well as Japanese ports by 10 per
cent, except in cases of some im-
portant categories of heavy goods.

The paper remarks that the de-
cision of the East Asia Conference
to refuse all bookings for goods or
passengers to Shanghai until fur-
ther notice, does not mean a
cessation of communications with
China.

German ships on Far Eastern
lines will continue to run accord-
ing to schedule, and three steam-
ers of the Hamburg-America Line
will sail during the next few days,
stopping at Hong Kong instead of
calling at Shanghai.

Bookings will continue to be ac-
cepted for Hong Kong.

ANGLO-ITALIAN
FRIENDSHIP

Rome, Aug. 21.
La Gayda, interpreting Signor
Mussolini's speech in the "Glor-
iale d'Italia" says that Italy does
not intend to impose the Fascist
doctrine on any non-Italian Medi-
terranean territories. She does
not aspire hegemony of the Medi-
terranean. The fight against
Bolshevism is defensive, not offen-
sive and no one thinks of attack-
ing Bolshevism in the country of
its origin. The "Gentlemen's
Agreement" proved too limited
and something closer and more
comprehensive is required in its
place. Anglo-Italian relations on
a firmer and friendlier basis will
help them to reach an agreement
on all questions affecting the re-
ciprocal interests and common de-
sire for peace and European world
collaboration.

CHOLERA

Over 300 New Cases

Between Saturday August 14 and noon last Saturday 339 new cases of cholera were reported to the Health authorities, bringing the total since the outbreak of the epidemic to 812.

Of this number approximately half have proved fatal.

ONLY A "SCARE"

The Public are advised to continue preventive measures and all necessary precautions.

Dr. C. L. Park, Director of Far Eastern Bureau of Health Service is coming to Hong Kong to assist the local medical authorities in their anti-cholera campaign.

Some disquiet has been caused by a report that persons inoculated at Queen Mary Hospital on August 11 require to be re-inoculated because the vaccine used on that occasion was faulty.

The report emanated from a local resident desirous of travelling to Singapore, who was inoculated on August 11, and subsequently applied for a certificate. He said that he was told at the Queen Mary Hospital that re-inoculation would be necessary for the reason given above.

Dr. Valentine, questioned regarding the report, said he had heard nothing of the matter and subsequently communicated with Dr. Newton. He then stated that it was possible that there had been a misunderstanding. (It was possible that persons inoculated at that time were only given a half-dose and should have returned for a second "shot" later.

ANTI-CHOLERA MEASURES

Geneva, Aug. 20.

The Singapore office of the League of Nations Organisation for Hygiene has telegraphed the Secretariat that Doctor Park, Director of the Office, is proceeding to Hong Kong to confer with the authorities in regard to measures to avoid the spreading of the cholera epidemic.

Dr. Park will be accompanied by Dr. Brodie, the League sanitary expert for China.—*Reuter.*

ANTI-GAS MEASURES

A series of 5 concise lectures on Anti-Gas precautions will be given at the Brigade Headquarters, Tai Hang Road, on Monday, Wednesday and Friday evenings at 7.30 p.m., commencing Wednesday, August 25, for Volunteers proceeding North.

As 100 respirators only are available the class is limited to 100 members only. Those intending to attend should send in their names immediately. The lectures will be given in Chinese by Corps Supt. Chak Tai Kwong.

(A full course for Officers and members of Ambulance and Nursing Divisions will be arranged early next month. Successful candidates after examination will be awarded A.R.P. Certificates, which are becoming very popular with members at Home).

CORONATION MEDAL

In connection with the Medal instituted to commemorate the Coronation of Their Majesties King George the Sixth and Queen Elizabeth, instructions have now been received from the Secretary of State for the Colonies that this medal has been classified as an official medal to be worn on all occasions on which Decorations and Medals are worn.

The Medal will be worn on the left breast after War Medals and all Jubilee, Coronation and Durbar Medals, in order of precedence. Ladies will wear the Medal on the left shoulder of the dress, the ribbon in this case being in the form of a bow, but ladies who are already in possession of official Medals worn on a bar may, if they wish, add the Coronation Medal to the bar instead of wearing it separately on a bow.

NEW FACTORY LEGISLATION

Women And Young People

The "Gazette" contains the draft of an Ordinance to amend the law relating to factories and workshops and to the employment of women, young persons and children in certain industries.

The object of this Bill is to transfer the office of Protector of Labour from the Secretary for Chinese Affairs to the Chairman of the Urban Council and to vest the control of factories, workshops and the employment of women, young person and children in certain industries in the Urban Council.

Upon the enactment of the Factories and Workshops Ordinance, 1932, it was considered desirable that the powers of the Protector of Labour under that Ordinance should be exercised by the Secretary for Chinese Affairs with the assistance of qualified Inspectors of Labour until the persons and industries affected should become accustomed to a measure of regulation. With the passage of years the reasons for this arrangement have disappeared, and it is now proposed to effect the transfer above-mentioned.

AMENDMENT ORDINANCE

This Bill is based upon the provisions of Ordinance No. 27 of 1932, which, with the Factories and Workshops Amendment Ordinance, 1936, it repeals. In this Bill, clause 5 of which gives the necessary powers of regulation to the Urban Council, and clause 4 a power of inspection to a select committee of that Council, the opportunity has been taken to effect certain amendments which experience has shown to be necessary and to revise and consolidate, in the form of by-laws, the regulations made under Ordinance No. 27 of 1932 and set out in the Schedule to that Ordinance and Government Notifications Nos. 680 of 1933 and 784 of 1936, published in the "Gazette" of 6th October, 1933 and 20th September, 1936, respectively.

MINIMUM AGE

By fixing 14 years as the minimum age for employment in industrial undertakings (Clause 2 (1) of the Bill and by-law 5 in the Schedule thereto) and increasing the period during which women and young persons may not be employed during the night in ordinary circumstances to 11 hours (by-law 8 in the Schedule), effect is given more fully to the International Labour Convention fixing the minimum age for admission of children to industrial employment and concerning the night work of women and young persons employed in industry which were adopted at Washington on 28th November, 1919, and communicated by the Secretary of State in the circular despatch of 13th August, 1921. The Conventions have in actual practice been adhered to by employers of labour in the Colony for some time, with the possible exception of the provisions regarding night work.

DEMON RAYS AT STANLEY

Students and visitors of the St. Stephen's College were highly excited when they saw two demon rays about 20 to 30 feet in length swimming off the St. Stephen's College bathing pier in Stanley Bay on Friday morning.

The monsters disappeared at the approach of the excited crowd. Several huge specimens of demon ray have been caught in Hong Kong waters. One hooked at Gap Rock many years ago measured 28 feet across and weighed several tons. There used to be some small specimens in the City Hall Museum.

A Press communique issued by the Colonial Secretary on Saturday states:

CHINA SQUADRON MOVEMENT

The submarines H.M.S. Rorqual and H.M.S. Grampus left Hong Kong at 9 a.m. on Saturday bound for Weihaiwei. These two additions to the China Squadron have now been painted the blue which is distinctive to ships of the station. They made an impressive sight in the harbour as they speedily manoeuvred and turned off through Lyceum. They appear much bigger than other submarines out here though the actual difference is small.

The Daily Press

Hong Kong, August 2, 1937.

WHAT IS NEEDED

Addressing members of that great international brotherhood, the Boy Scout movement, Lord Baden-Powell, O.M., employed the following words to crystallize a sentiment which every decent-minded woman and man the world over must applaud:— "What we want in the world is peace, happiness and prosperity for all, and we can get it if all men become friends instead of rivals." It means that each man has got to open his heart out unselfishly in "friendliness to others."

That appeal to reason and morality was listened to and applauded by millions not only of the world's youth but also mature women and men of every class, creed and colour. Indeed, we think it would be extremely difficult, if not practically impossible, to find anyone who has given the matter calm and careful consideration, who would not agree with the sentiment so cogently expressed by the World Chief Scout.

Yet there is war in the West and in the East. Europe has its Spanish shambles whilst Asia trembles on the very edge of what gives every indication of deteriorating into an abyss of horrors, surpassing in its maddening painfulness the soul-lacerating ordeals of the World War.

There has already been enormous damage to property; thousands of innocent people have been plunged into the depths of misery, their homes demolished and their means of livelihood shattered. The number of dead, and those who are less fortunate than the dead—the maimed and mutilated who yet breathe—cannot as yet be even roughly estimated, but the total must be several thousands if one solitary bomb can kill six hundred people.

Japan could, if she would, stop this hell in Asia—and that statement is made regardless of the infernal presumption of China's comparative weakness. China may be weak to a certain extent, but she is by no means impotent. However, this power to decide for Peace or War does actually rest with Japan, and the enormity of misusing that power is enough surely to make even the most ruthless halt in their mad career.

Already the thousands of refugees who have come to Hong Kong are disclosing pain and suffering sufficient to shock even those nations whose present aloofness may bespeak a self-interestedness that is deplorably disillusioning. But suffering wantonly inflicted must engender sympathy, and it is quite plain that the world's sympathy is overwhelmingly on the side of China.

What is needed is common sense and understanding on the part of Japan, otherwise that nation will inevitably lash the world to a state of fury that will be uncontrollable. Japan has a choice—either real war or a negotiated peace. There is absolutely nothing in between. By adopting an uncompromising attitude Japan is setting China ablaze from end to end. If Japan persists in that attitude where will the conflagration end?

Can Japan expect to survive a world which is showing that it is antagonistic to a ruthless campaign of territorial rapacity?

KEEPING FAITH

Latest reports from the North indicate that war in all its ugliness has become an accepted characteristic of the ruthless campaign being waged against China in this undeclared war by Japan.

It was to be expected, mainly for two reasons; firstly, because of the example of sheer immorality as demonstrated by so-called civilized nations in the first world war of 1914 to 1918, and secondly, because the Japanese are the sort of people they are—ruthless and deceitful when it comes to the matter of directing national affairs by the military junta whose terrorist methods have completely cowed the majority of the people. Thousands of civilian Chinese have already been slaughtered. One instance was given by a ship's officer just arrived from Shanghai where one bomb scattered to death a crowd in Shanghai of at least six hundred women, children and men. Not one of the dead was armed. Now there comes the reports of the use by the Japanese of poison gas bombs. It must not be expected that China is unprepared. One of the leaders who recently returned from conferring with the Generalissimo in Nanking informed us that China was equipped to retaliate with every material known to modern warfare. He added that it was devoutly hoped by Chiang Kai-shek and his colleagues that foul and fiendish methods would not be necessitated by the precipitation of ruthlessness on the part of the Japanese. It appears now that foul and fiendish methods will characterize this, as they characterized the world war.

With the ugliness of the present crisis increasing hourly, moving with startling and dramatic rapidity to another major world catastrophe, it is of dynamic importance that the people of China keep faith with the Central Government and the ideals of the cause of the Republic, and also that China's millions remember throughout this greatest trial since the establishment of Democratic government in their great nation, that they owe a responsibility to what may comprehensively be termed the Popular Front throughout the world.

It would be unworthy at this stage to mince words. The fact must be perfectly obvious to all students of the present world trend of affairs that Britain, America, France and Russia have rarely if ever been more united in general sentiment and purpose, as opposed to Italy, Germany and that portion of Spain which seems to have been subjugated by General Franco. Concentrating on the Asia scene, it is with every justification in logic that Russia is regarded as the normal ally of China though they differ essentially in the vital matter of sociological and legislative objectives. However, in their antagonism to the imperialistic aggression of Japan it may fairly be contended that China and Russia are united in sentiment if not in actual parchment deed, duly signed, sealed and delivered. There is that sentiment of unified opposition to Asia's territorial bandit—Japan, and in the event of major hostilities eventuating it seems reasonable to forecast that China and Russia must enter into some form of agreement of mutual aid.

The only statement indicating this possibility has come from His Excellency, Dr. Sun Fo, President of the Legislative Yuan, but it is reliably understood that there is a virtual majority of political thought in China which strongly favours Dr. Sun's suggestion that an agreement be entered into immediately with Russia. China could do that and still keep faith with the idealism upon which the Revolution was founded and the Republic established—the Three

BRITISH FREIGHTER TORPEDOED

By Unknown Submarine Near The Dardanelles

London, August 21.

Sensational prominence is given in the London newspapers to reports that once again a British steamer been attacked in the Mediterranean, this time a freighter from the Black Sea, which was torpedoed and seriously damaged by an unknown submarine near the Dardanelles.

The "Daily Herald" says that in pursuance of the measures decided upon for protection of British shipping in the Mediterranean, the cruiser Coventry has been ordered to Malta.

The cruiser will be on special duties connected with the protection of British merchantmen.

The Valencia Government is also up in arms against attacks on Spanish vessels by foreign submarines.

Valencia has decided to send a protest to all members of the League of Nations, the protest adding that Government warships have been ordered to attack all such submarines in future.

BRITISH NAVAL THREAT IN MEDITERRANEAN

London, Aug. 21.

The British Government announcement that British warships in the Mediterranean had been instructed to fire on any aggressor against British merchantmen is discussed in most of yesterday's newspapers.

The "Daily Telegraph" says that in future one could not tolerate any kind of attacks under any circumstances.

That Spain is at war, the excuse given by the Nationalists for attacking ships, is described by the paper as a mere pretext.

"The Times," which also deals with the question at length, declares that extension of the radius of action of General Franco's submarines has created a new situation.

The British Navy, declares the paper, in the course of the Great War, became well acquainted with all forms of submarine attack and will have no difficulty in setting the depredations of these submarine marauders.

A profound sensation has been caused in Tokyo political circles following the visit of the German Ambassador to the Gaimusho to inform Japan that Germany could not support Japan in her conflict with China.

Announcement to this effect is made by the Tokyo correspondent of the Vienna "Telegraph," who adds that the Ambassador made representations, conveying Germany's uneasiness at developments in China, and warning Mr. Hirota that the Communist menace was such that Japan should not waste her energies in China. He stressed the great importance of Germany's commercial interests in China and said that, in the circumstances, Japan must not look for any support from Germany.

YANGTSE VALLEY CITIES UNDER WATER

Damage Increasing Every Hour

Hankow, August 22: Fears of flood in Yangtse Valley cities were realised yesterday when the persistently rising river broke through here and at Wuhu, causing damage that increases hourly with the rising of the river level.

At about 9 o'clock yesterday morning, the force of the river made a section of the outer dyke in the southern part of Hankow give way, leaving a gap approximately 40 feet wide through which the river has been pouring. Although there is no immediate danger to the lives of people, police have been taking precautionary measures.

The city government engineering department has engaged a large gang of workmen to repair the break in the dyke. It is not considered likely that the flood will

assume proportions anywhere near that of the flood five years ago. Reports from Wuhu indicate that the river is at present at the 28 foot level, more than a foot higher than that of the same time last year. The lowlands near the banks of the river are flooded with water that is knee-high in most places. Local authorities are keeping watch over the dykes with increased vigilance.

Changsha reports that the flood there has receded to the extent that the South Station is again in use.—*Central News*

JAPANESE GIVE UP ATTEMPT TO CAPTURE SHANGHAI

Shanghai, Aug. 22. Yesterday the eastern wing of the Chinese army penetrated to Yu-shi-chang of the Japanese line of defence.

The Japanese troops were forced to retreat to the Tung Wha Cotton Mills, and Chinese troops occupied the Yangtsepo area.

Owing to the electric light works, which supply the International Settlement being situated in the north of Tung Wha Cotton Mills, Chinese troops have stopped further pursuit of Japanese troops in this locality.

It is believed that the Japanese militarists intend to give up the attempt to capture Shanghai and devote their full attention to the Luli and Yang-lin-kow sector, where they hope to outflank the Chinese army.

However, the Chinese have completed their preparations, and are ready to meet Japanese attacks in this direction.—*Chinese Evening Press*.

The Japanese forces retreated to the Shakuo, Shihill, Tatungtsun area, from which position they are firing across a small river at the Chinese lines.

According to information received from communication circles, large forces of Chinese pressing toward Tientsin captured Chinghai, a town on the Tientsin-Pukow Railway about 30 miles south of Tientsin yesterday, after a furious battle with Japanese troops that raged for two hours.

TWO DOUBLE CENTURIES Home Cricket Results

London, Aug. 20. An exceptionally smart victory by eight wickets by Kent over Gloucestershire at Dover was a feature of the County Cricket Championship matches brought to a close to-day. Kent won after their opponents had rattled up the huge score of 434 runs in their first innings, during which Parker scored 210.

The reply made by Kent, who made 399, was more than Gloucestershire could cope with when the home side saw their second innings total reach only 182 runs. Walter Hammond, contributed 52 and completed his 3,000 for the season but with the season so well advanced it is unlikely that he will overtake his previous best (3,323 runs).

Kent lost only two wickets in scoring 210. Woolley with 100 in the first innings and Ames with 70 in the second made victory possible for their side.

With another victory to their credit Yorkshire are now favoured for the title but Middlesex are close behind and a slip on the part of the northerners in any of their last three matches may mean the difference between winning and losing the title.

Yorkshire's match winning bowler, Hedley Verity, gave them a win by 85 runs against Glamorgan by taking five for 76 and five for 71. Mitchell ably assisted with a contribution of 105 runs.

Worthington, who was an abject failure in the Test matches in Australia, proved that his loss of form was only temporary and helped himself to 238 runs for Derbyshire against Sussex when he had to retire hurt. He enabled Derbyshire to win by nine wickets with a first innings total of 485 runs for eight declared.

Copson was in his best form and captured eight of the Sussex wickets in the first innings for 64 runs, dismissing the side for 219, of which James Langridge scored 91. John Langridge topped the

county mark in the second innings with 123 of a total of 311. Results and leading performances follow:

NEUTRAL OBSERVERS

London, Aug. 20.

The attitude of the Japanese Government to the British proposals for restoring peace at Shanghai remains in doubt until the final Japanese reply has been received in London but press reports, which indicate a marked hesitation on the part of the Tokyo Government in accepting it, have caused lively disappointment in British official circles. It is still hoped, however, that the Japanese will recognise the serious responsibilities involved in the rejection of the proposals, which aim at ending the wasteful and dangerous armed conflict now raging at Shanghai and at giving security to foreigners, including Japanese, in the International Settlement and which has been strongly urged upon them and the Chinese by both the British and French Governments.

Disorders in which the Japanese and Chinese forces are involved at Shanghai are causing casualties among innocent civilians and damage to property of other Powers, and they even threaten to disorganise the commercial and financial centre of activities, which it is the interest of all Powers to maintain. These disorders, moreover, are local in origin and contradict the declared policies of the Japanese and Chinese Governments which are to seek a peaceful solution of the difficulties between them.

The situation therefore appears to be one from which both the Chinese and Japanese would desire to seize any practicable means of escape. The merit of the plan for withdrawal of the Japanese and Chinese military forces from the Shanghai zone, which was evolved by the diplomatic, consular, military and naval authorities of Great Britain and other Powers, is that it takes advantage of the essential fact about the situation as neutral observers on the spot see it, namely, that the Chinese have no reason for attacking any part of the International Settlement once Japanese reinforcements, military and naval, are withdrawn, and that the Japanese have no need of these reinforcements once the safety of their nationals in Shanghai is secured. The only remaining danger to the latter after withdrawal of the Chinese military forces would be from irresponsible

Several independent sources gave the numbers of Japanese and Chinese troops fighting around the area comprising Peking, Tientsin, and Nankow between August 10 and 12, as 45,000 and between 60 and 80 thousand respectively. The 12 or 15 thousand Japanese troops said fighting in Shanghai are small by comparison with the forces engaged in North China.

During the past week, the Japanese kept the entrenched Chinese at Nankow busy with small-scale infantry attacks, punctuated by occasional artillery fire, meantime waiting for the 10,000 reinforcements arriving in Tientsin which are being rushed to support the Japanese attack.

Reports earlier in the week to the effect that Japanese forces had gained control of the pass have been contradicted by subsequent developments which indicate that the Chinese are still in full control of the situation there.

On the day Chapter fell into Chinese hands, another division of the same Suiyuan forces fought its way into Changpel, 70 miles north of Kalgan on the Peking-Suiyuan Railway line, routing the Japanese-fostered "irregulars."

At Shanghai on the following day (August 17), the story of Changpel was repeated, giving the Chinese control over the three important districts of the six that have been in Japanese hands for the past year.

Latest reports indicate that the Suiyuan Chinese troops are moving north to Nankow and Huatien to complete their campaign by taking the remaining three districts. The recapture of the northern districts is said to be imminent.

Finally, events of the past twelve days in North China include the shooting of a Japanese marine in Tientsin, which, happening the Japanese military has attributed to the Chinese. The situation is reported to be very tense, negotiations having terminated without a satisfactory solution, despite the efforts of the American consul in the city.

Japanese in Tainan and along the Kiochiao-Tainan line have been evacuated, and all Japanese in Tientsin have been ordered to evacuate by to-day. Eleven Japanese planes were reported reconnoitering over the southeastern Shandong coast on August 17. Shanghai is the end of North China—Central News.

Lloyds Cancel All Far East Contracts

London, August 21.

Marine companies and Lloyds Underwriters have given 48 hours' notice cancelling all permanent contracts which include war risks on voyages to, from or via China.

When this notice has expired, shore risk at Chinese ports will be totally excluded, war risks being covered only while the cargo is on board an ocean steamer.

Simultaneously, rates have been raised in view of the recent events in the Mediterranean for voyages through the Straits of Gibraltar and the Mediterranean, while special high rates of premium have been agreed for oil tankers on such voyages.

These high rates are the direct result of recent attacks on oil tankers—British Wireless.

CLAIMS FOR INDEMNITY

London, Aug. 21.

The British Ambassadors in Nanking and Tokyo have lodged claims with the Chinese and Japanese Governments for all damage resulting from the Sino-Japanese conflict, especially such damage as was caused in Shanghai, according to messages received here.

The claims cover compensation for loss of life and property.

The diplomatic correspondent of the "Morning Post" states in this connection that experts of the British Foreign Office are at present examining exhaustively the question of the precise amount of these claims.

The task is particularly difficult but as soon as it has been accomplished, a communication will be made to the British Consul-General in Shanghai, who will be instructed to present the claims for indemnity to the competent authorities.—Transocean News Service.

BOMB KILLS
SIX HUNDREDEye-Witness Tells
Story

Enquiries from refugees aboard the Empress of Asia which arrived here yesterday at 2.30 p.m. elicited the information that—with thousands of Chinese in a mad scramble for life, eager to break through and get on one of the destroyers which they (Chinese) understood would take them to a place of safety—their embarkation was one of the most tragic aspects.

Getting their names registered at Hamilton House at 8.30 a.m. on Thursday was a terrifying experience, as, besides bearing in mind the continuous threat of air raid bombs which might drop on them at any moment, they had to push through panic-stricken masses of Chinese who flocked to the Settlement in thousands in the hope that they might be able to get on a British vessel for Hong Kong.

From Hamilton House they had to go by buses to ferry boats from which they were transferred to one of His Majesty's warships, Duncan, Danae or Delight, before actually embarking on the Empress of Asia, which was lying about 8 miles from Shanghai or about 1½ miles off Woosung, as it was too dangerous for her to venture nearer than that point, as she would otherwise be in the war zone.

SCOUTS HELP

The Empress of Asia left Shanghai at 6.30 p.m. on Thursday and arrived here at 2.30 p.m. yesterday, with a huge crowd of friends waiting just outside the gates of the Kowloon Godown and some (who had passes) on the wharf, all eager to meet the refugees, despite the constant drizzle and occasional downpour of rain.

The Fourth Kowloon Garrison Scout Troop under the supervision of Mr. A. Grad, scoutmaster, was present, helping to remove baggage and assist old ladies.

The Seaforth Highlanders and R.A.S.C. coolies were there, offering their services to assist refugees of Army wives and children and to the removal of baggage.

The Inspector General of Police, Hon. Mr. T. H. King, was also there. Capt. Rickard, A.D.C. to His Excellency the Officer Administering the Government, welcomed a number of passengers who are to be guests at Government House for the time being.

Aboard the vessel were several expectant mothers, but actually only one birth occurred during the voyage, a son to Mrs. H. V. Rowland. Both mother and son are doing well.

EYE-WITNESS OF BOMBING

In an interview with a passenger aboard, the President McKinley, which arrived yesterday at 7 a.m., who was an eye-witness of the air raid at the International Settlement, it was revealed that a bomb which landed in the midst of a panic-stricken mass of Chinese in Nanjing Road, killed about 600 people, tearing the victims to pieces, with limbs flying all the over the place, and drenching that locality in blood.

The President McKinley, which was lying off Woosung, carried about 300 refugees from Shanghai, about 150 of which landed at Hong Kong whilst the rest are going to Manila. The refugees had to go by tenders, protected by American gunboats, before embarking on the ship.

OIL COMPANY
THREATENED

Shanghai, Aug. 20. The "Stars and Stripes" have been painted on the oil tanks of the Standard Oil Company in order to give a clear sign to the aerial fighters.

A request to respect the interest of the neutral countries has been given to the Japanese Naval authorities by the American Naval authorities, but it is reported that the Japanese accused the Standard Oil Company as having taken an order from the Chinese Government for a supply of 20 million gallons of gasoline which was for the use of the Chinese fighting planes and that in consequence of this the Japanese would do whatever they can to stop it.

TREASURY BILLS

London, Aug. 20. The total amount applied for in tenders for £45,000,000 Treasury bills was £38,050,000. The average rate for bills at three months was 10/5.3d. against 10/5.6d. a week ago.

Central News

EUROPE PRESS
AGOG

London, Aug. 20. The Press of Europe is agog over the severance of diplomatic relations between Portugal and Czechoslovakia. The Czechoslovakian Charge d'Affaires at Lisbon is still remaining at his post but the Portuguese Charge d'Affaires has removed to Vienna.

Czechoslovakia alleges that Portugal's attitude was influenced by other Powers while the Portuguese Press approves the Government's action and accuses Czechoslovakia of impertinence.

The French Press strongly condemns Portugal's action.

APPEAL FOR HELP

Toys And Books
Wanted

To The Editor, The Hong Kong Daily Press.

Dear Sir,
The appeal published yesterday has met with a ready response but still more articles are required. With the bad weather existing there is a great demand for shoes, raincoats and umbrellas, and gifts of these would be very welcome. Spare radio sets will help considerably. Any sets should be well labelled and will be returned to the sender when no longer required.

If the weather is fine to-morrow, Sunday, those persons who have cars and can spare the time to give some of the children and mothers a run in their cars will be welcomed at the Race Course Office of the Jockey Club any time after 10 a.m.

Articles can be sent to any of the following addresses:—
Toc H. 11 Duddell Street.
Toc H. c/o Y.M.C.A., Kowloon.
Toc H. c/o Seamen's Institute, Gloucester Road.

Yours etc.
W. C. Clark.

REFUGEES HAPPY

The refugees billeted at the Jockey Club, Happy Valley, are very satisfied with their temporary home.

Capt. Davis, who was one of the passengers who came down by the s.s. Rajputana, when interviewed by "The Daily Press" yesterday, said they were all very grateful for the very efficient way in which the naval officers and ratings of H.M.S. Duncan "handled" their evacuation. He also expressed thanks and gratitude, on behalf of all the refugees, for the hospitality they are receiving from the local authorities.

PORTUGUESE REFUGEES

Several hundreds of Portuguese refugees are expected to arrive Hong Kong on board the French vessel Aramis due here to-day. The Portuguese community in the Colony are making the necessary arrangements for their reception and the Portuguese Company of the H.K.V.D.C. has offered its services to assist in anyway possible. Many Portuguese have offered the hospitality of their homes here and in Macao, while the Government of the Portuguese Colony has undertaken the erection of a makeshift which will house several hundred. The Government has also paid the passages of the refugees and will look after the destitute until their future is more assured than it is now.

Arrival Of Refugees Per M.V. "Aramis"

In order to avoid confusion on the arrival of the m.v. Aramis, it will not be possible for the Compagnie des Messageries Maritimes to issue any passes to board the vessel.

Will friends write to Refugees on board ship, c/o the Agent, Messageries Maritimes, 3 Queen's Building, Hong Kong, before 6 p.m. on the 23rd inst.

These letters will be delivered when the pilot board the Aramis or at the latest while the vessel is anchored at Kowloon Bay for Port Health Examination.

Munich, Aug. 21.
The chapel of the Nymphenburg Palace, near Munich, yesterday witnessed the wedding of Prince Peter Henry of Orleans and Braganza, great-grandson of the last Emperor of Brazil, Pedro the Second, and himself claimant of the Brazilian crown, and Princess Mary Elizabeth of Bavaria, the 23-year-old daughter of Prince Francis of Bavaria.
Ex-King Alfonso of Spain was among those present at the ceremony, at which Cardinal Faulhaber, Archbishop of Munich, officiated.

FATAL MISHAP

Chung Chiu reported to the police that while he was riding bicycle along Queen's Road yesterday morning, a young Chinese suddenly ran across the road and was knocked down. He was taken to Queen Mary Hospital where he succumbed to his injuries shortly after admission.

GEN. WU TE-CHEN MAKES STIRRING APPEAL

(Continued from Page 1)

at the rear should all shoulder their responsibilities to the nation. Those who have money should give money and people in every walk of life should continue their work and contribute to the best of their ability. In such a way only will we be able to strengthen our national defences and strengthen our present stand against our foe.

SPIRIT OF PEOPLE

"We must also understand that victory does not merely depend on a strong army and plentiful supplies, but also on the spirit of the people. Armed forces are merely an external expression of national defence while character and fearless spirit can give additional strength within. Therefore, a strong will power and fearless spirit in time of war can be of the greatest help to the country."

"If we want to serve our country it is not necessary to go to the front to fight the enemy. If we fully realize the significance of this present crisis, if we have faith and strong determination, entertain no feeling of defeatism and continue to maintain strict order, we shall be contributing a great deal towards the defeat of our enemies."

"The Central Government has, during the last few years, made adequate plans for national defence, which far exceed those of the past. The people should now rise as one man and be ready to fight China's defects are not chiefly in the superior strength of our enemies."

"National salvation depends on the peoples' keeping up their spirit, to strengthen themselves to have faith in the government, to support their leaders, to maintain strict order, to be fearless, stand together and never to give up."

"Through such a united stand will we be able to win the final victory for China."

Central News

AMERICAN PRESS COMMENT

New York, Aug. 22.
The "New York Times" in an editorial draws attention to the growing danger and appalling catastrophe and opines that there is every sign that the Chinese resistance in the North, particularly if it is supported and directed by Nanking, is an important additional indication of Generalissimo Chiang Kai-shek being influenced by those of his associates who regardless of cost won't agree to compromise with Japan by sacrificing the northern provinces.

The "Herald Tribune" points out that President Roosevelt's attitude regarding the Augusta shelling is correct since neutral bystanders must be prepared to take chances. Nevertheless no long range observer can escape the feeling that neither the Chinese nor Japanese are showing consideration for civilian lives in a situation where such considerations cost them no strategic advantage. It goes on to say that the French are entirely justified in firing on any fighting plane appearing over their Concession. Alluding to the reports that Japanese warship crept up lightless by night alongside the Augusta and then opening fire, the "Herald Tribune" says that the only appropriate comment is that such tactics would desecrate these columns. Tactics which characterize the Asiatic at war ought to give American pacifists something to think about before they exhort us to scrap armaments.—Reuter.

PHOTOGRAPHIC EXHIBITION

SPLENDID PICTURES

Beautiful and attractive are the photographs displayed on the first floor of the China Building at the First Anniversary Photographic Exhibition of the Yearly Competition of the Majestic Amateur Photo Service.

Of the 300 photographs exhibited, there are quite a number of excellent ones which display splendid local talent, both in variety and quality.

One of the best pictures is "Landscape." Another of the same class is "Low Tide."

Perhaps not the least skillful of all is the prize-winner of the year, "Chickens" which is really a marvel of artistic accomplishment, with the black and white shades blending in perfect harmony.

The pictures are amongst the best enlarged and developed by the Majestic Amateur Photo Service, from films turned in by their clients, and are of an unusually high standard.

It must be noted that much of the knowledge acquired by amateur photographers is a credit to the Majestic on account of their periodical contests which are stepping stones for the opportunists.

The exhibition, which is being held for a week, is well worth visiting.

A guide issued with the Exhibition carries reproductions of the finest of each section, and is being sold at a nominal charge in aid of Chinese war relief.

"PATROL SECURITY SERVICE"

Paris, Aug. 21.
The naval authorities in the North African port of Bizerte have, with the approval of the French Government, decided to abandon the practice of escorting each French merchantman across the Straits to Marseilles individually. Instead, a "patrol security service" has been formed between Tunis and Marseilles, which will be carried out by French air force aeroplanes.—Transocean News Service.
